HOW ONLINE RESOURCES CAN BENEFIT YOUR SCHOOL OR LIBRARY

Research Projects for Everyone

- Find articles, charts, maps, videos, images, genealogy resources and primary sources to support research and information needs for everyone.

Increase ACT/SAT Scores

- Use LearningExpress Library for ACT and SAT Online Practice Tests.
- A high school used LearningExpress Library in a required ACT prep class. Students' scores went up at least 2 points.

Support STEM

- Science Reference Center provides access to full-text science-oriented content with articles correlating to state and national curriculum standards.

Find materials by Lexile Reading Level

- All articles in EBSCO's Explora have a lexile measure and can be searched using that measure.

TEACHER RESOURCES

Explora - Educators Edition (EBSCO): Find more than 2100 full text scholarly journals and over 1,700 peer-reviewed, full-text journals. This collection focuses on education by providing full text for over 500 high-quality education journals.

- Explora provides access to lesson plans, students tools, curriculum standards and links to sites valuable for teachers
- Searches Academic Search Elite, ERIC and Professional Development Collection

ELEMENTARY AND SECONDARY EDUCATION RESOURCES

Book Collection: Nonfiction (EBSCO): Three databases for school libraries that provides searchable text separated out for elementary, middle school and high school students.

Explora

- Explora Elementary Book Collection includes Nonfiction, Primary Search and Topic Overviews K-5 with reading level indicators (Lexile® Measures) to simplify discovery of grade appropriate content.
- Explora Middle School and Explora High School are two databases that include thousands of eBooks, hundreds of age appropriate nonfiction online books and magazines, newspapers and science information including experiments from the Science Reference Center. It also includes over 60,000 videos from the Associated Press.

Science Reference Center (EBSCO): A comprehensive research database that provides easy access to a multitude of full-text science-oriented content.

EBOOKS (EBSCO)

Choose either the Public Library Collection or the High School & K-8 Collection.

eBook Public Library Collection: Over 33,000 titles featuring fiction and nonfiction titles for both adults and juveniles, as well as best-selling and highly-recommended titles from industry leading publishers.

eBook High School Collection: Designed specifically for high school students and educators, this collection offers an easy way for libraries to provide full-text eBook coverage that aligns with their school's curricula. This package contains nearly 8,000 eBook titles across all academic subject areas. It also features a selection of Teacher Resources to support educators and administrators.

eBook K-8 Collection: Created for K-8 students and the educators that work with them. The eBook K-8 collection contains more than 10,500 titles chosen to support a quality learning experience for students across all subject areas taught in elementary and middle schools. It also features a selection of Teacher Resources.

ACADEMIC

Academic Search Elite (EBSCO): Provides core resources of scholarly information for academic institutions. 3,800+ full-text journals, over 1,700 are peer-reviewed.

Medline (EBSCO): Provides authoritative medical citations.

COLLEGE & CAREER

LearningExpress Library: Help your students and patrons master college and career readiness assessments with a huge selection of practice tests.

- 300+ online academic and licensing practice tests that span ages from elementary through adult. Includes ACT, SAT, AP, HiSET, NCLEX, Praxis and ASVAB tests.
- Instant scoring and customized feedback

PUBLIC LIBRARY

Explora - General Research (EBSCO): Designed specifically for public libraries, search thousands of eBooks, magazines, newspaper articles and reference information on topics covering business, health, education, consumer research, multicultural issues, relationships and much more.

Consumer Health Complete (EBSCO): A comprehensive, reliable resource designed to support the information needs of patients with content that covers all areas of health and wellness.

GENEALOGY

HeritageQuest: A comprehensive database of American genealogical sources with over 7 million pages of genealogy and local history books.
